2024 Annual Digest

Designing products for a calming and nature inspired home

We believe in crafting furniture that goes beyond the ordinary and brings a sense of tranquility to your home. As you step into our world, you'll discover a seamless fusion of nature-inspired design and mindful craftsmanship, inviting you to create spaces that breathe and inspire.

At Gazzda, we understand that home is more than just a collection of furniture; it's a sanctuary that nurtures the soul. With this philosophy in mind, we place a profound emphasis on curating pieces that infuse your living spaces with serenity, helping you unwind and reconnect with nature within the confines of your home.

Our designers draw inspiration from the natural world, mirroring its grace and organic patterns in every product we create.

Sustainability

At Gazzda, we believe that sustainable practices go hand in hand with timeless elegance, and by choosing our products, you not only bring timeless design into your home but also contribute to the preservation of our natural world for future generations.

One pivotal aspect of our commitment to sustainability is our firm dedication to sourcing wood only from FSC®-certified forestry.

With 85% of Gazzda products bearing the FSC® (FSC-C130602) label, you can be assured of its ethical origin and contribution to preserving our precious forests.

Embracing a profound commitment to sustainability, we pride ourselves on crafting products with timeless designs that are meant to be cherished and passed down through generations. Our unwavering focus on quality ensures that each piece is built to last, embodying the essence of enduring craftsmanship.

From the start of time, humans have always been social animals, craving interaction, community and warmth, whether it be gathering around a fire, or in modern times - a dining table.

The Fawn Dining Table encompasses these vital needs, all the while, paying homage to its sculptural form, with its fluidity and elegance. As a statement piece, Fawn demands attention, and provides for an anchoring focal point, in any space.

Fawn is not only timeless in its design, but in structure as well, as it is made from solid wood. This ensures that you will have a life-long companion, and are able to continuously revive it, providing it with a refreshed look.

Fawn Table

Fawn Table with Muna Chairs in black lacquer

Brand Co-Founder & Industrial Designer Salih Teskeredzic

The Fawn Table is one of the first products that represents the development of the Gazzda design identity, where a fluid form is followed, which characterises all of our products. It represents more of a sculpture than a functional object, as it has a single line that follows it from start to finish.

Tactility, softness, the warmth of wood, as well as following the logic of the material - are the main qualities that this table possesses.

Like our other products, there is a combination of machine technology and human hands, and it's precisely this human element that provides the final touch and adds character. Polished by hand, bringing the smoothness of the surface to perfection and so accentuating the emotional aspect of this product.

Salih Teskeredzic
on the tactility aspects of the Fawn Table

Sideboard and Lowboard

The thin lines of each Fina unit give it an elegant, minimalistic look, brought to life by the repeating contrast between solid wood, steel and linoleum.

This series of multi-purpose storage units comes in different sizes, fitted with doors, shelves and drawers. Each design breathes modernism and warmth.

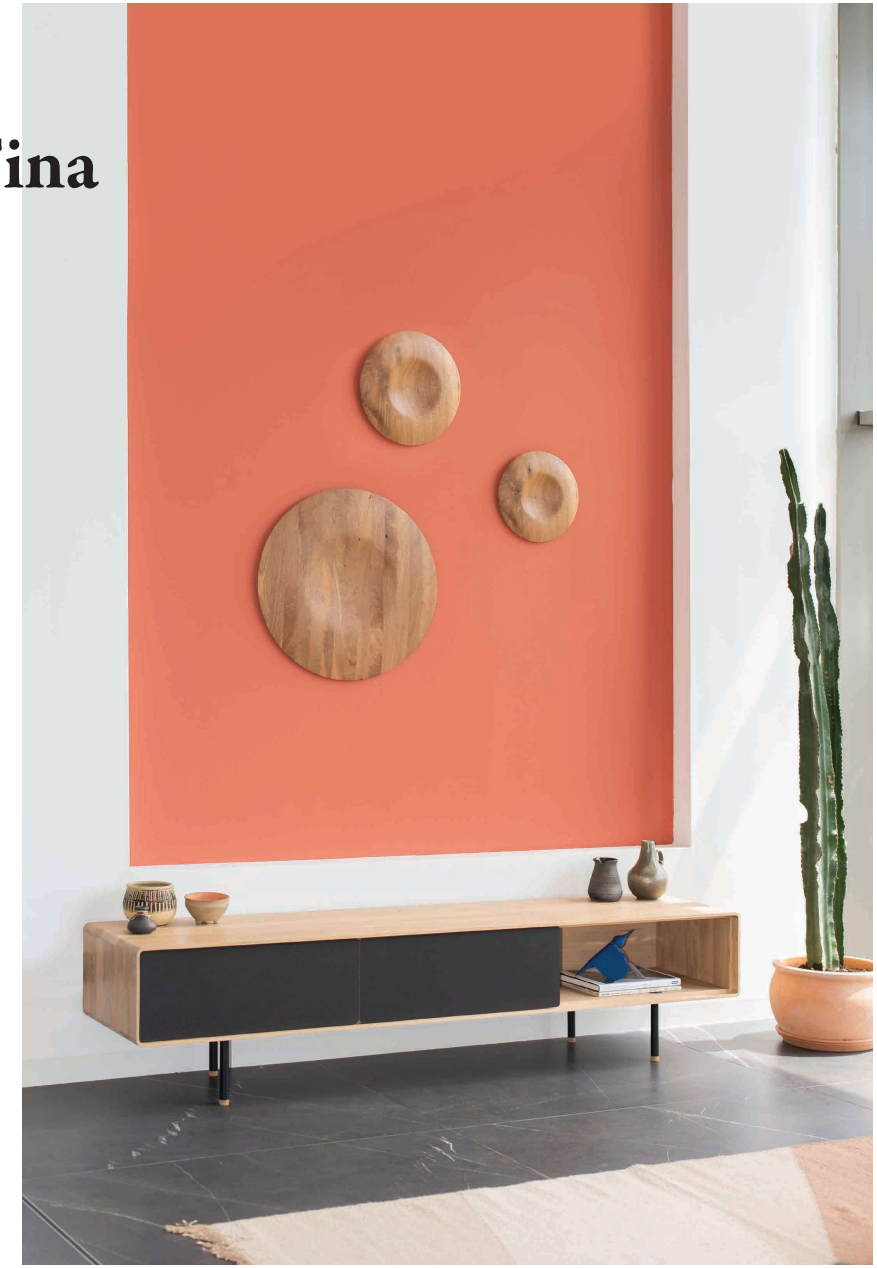

Other products from Fina storage units collection include: Fina Drawer and Fina Nightstand.

Dedo Lounge Chair

reddot award 2016
winner

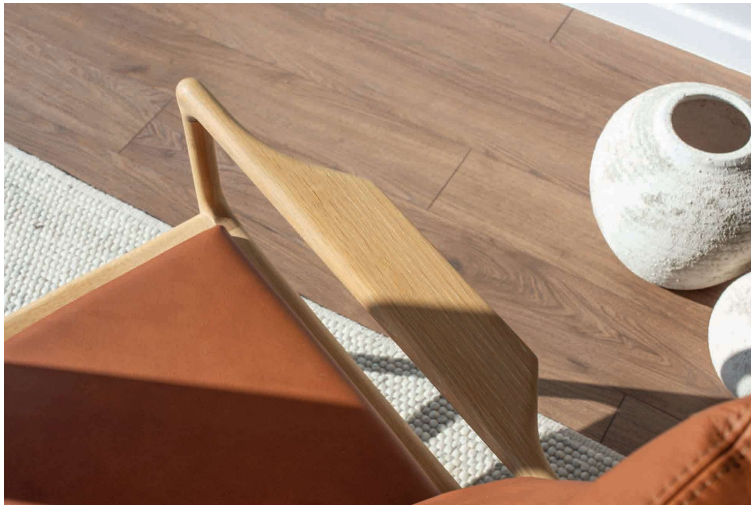

The Dedo Lounge Chair is a sculptural design piece that seamlessly combines artistry and functionality. Crafted to stand out, this lounge chair is the embodiment of sophistication and comfort, making a statement in any space.

A testament to unique material integration, the chair features ropes as a supporting material for the pillows. This innovative choice not only offers unparalleled comfort but also creates a visual separation of the seat and back from the frame, thus preserving Dedo's sculpturality. The result is a chair that offers a stunning visual contrast, where function meets artistry in every detail.

Each Dedo Lounge Chair is a result of meticulous hand-craftsmanship, a true testament to our commitment to quality. The solid wood frame is expertly shaped using traditional artisanal techniques, creating a piece that is as sturdy as it is elegant. Our dedication to excellence ensures that you receive a lounge chair that's not just furniture, but an enduring work of art.

The Dedo Lounge Chair represents a connection to cherished memories. Named after the Bosnian term for "grandfather," it embodies the sentimentality associated with cherished moments of relaxation and observation. Just as a grandfather provides a sense of comfort and wisdom, the Dedo Lounge Chair offers you a place of solace and introspection.

Hugg Modular Sofa

After a long day, all one needs is the warmth and comfort of a hug and so, with this in mind, we created a comfy and inviting sofa as the perfect solution - our Hugg Modular Sofa. Upon first glance, Hugg is reminiscent of a cloud formation, ready to nestle you, with distinct rounded arm and backrests, the sofa exudes a distinctive identity, becoming a defining addition to any space.

Hugg's unique design makes it a standout piece, highlighted by its prominent wooden sides. It is this very element that inspired the name, as it arcs around the sides, gently "hugging" the sofa.

Back in 2020, our designer Mustafa Cohadzic, envisioned an uncompromisingly comfortable yet modern sofa, softly drawing you in to curl up and relax.

Thanks to its modularity, Hugg allows customization and configuration, with eleven modular pieces to choose from, for any living space and purpose. In addition, you can create your own configuration or choose any of the 43 predesigned ones. Whether you prefer a classic two or three-seater or an L-shaped sectional, the Hugg Sofa can be adapted to suit your taste. Additionally, we have devised the possibility of an accompanying table module, which was inspired by our existing Loop Side Table, ideal for office spaces. It offers a rotating mechanism, enabling the plate to smoothly spin around.

Furthermore, the seat depth can be adjusted with additional cushions, accommodating for personal preference, in case you prefer to sit in a lotus pose or more upright, it ensures that everyone can find their perfect comfort level. The cushion colour options are varied - they can be monochromatic, complimentary or contrasting, thus allowing you the power of personalisation.

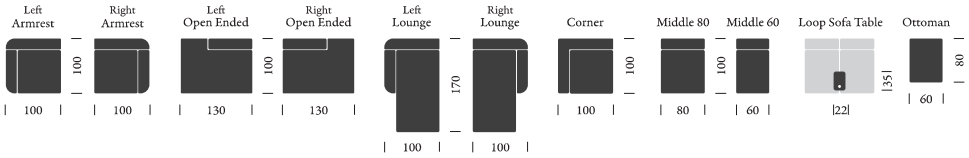

Whether you prefer a classic, timeless look or a more contemporary feel, the Hugg Modular Sofa can be customized to suit your needs.

Dedo Easy Chair

The Dedo Easy Chair embodies a perfect blend of contemporary lightness and traditional minimalism. Its timeless design blends artistry and functionality, allowing it to gracefully adapt to various interior styles.

The chair incorporates ropes as the support structure for its cushions. This unique approach not only enhances comfort but also distinctively separates the seat and back from the frame, creating a visually appealing contrast.

Its lightweight structure ensures easy mobility, making it a versatile fit for diverse spaces. Additionally, the Dedo Easy Chair works well alone or in pairs, allowing for corner or central room placement.

Dedo Easy's characteristic frame is hand-crafted from solid wood and constructed relying on artisanal mortise-tenon-joint techniques.

NEW

Book Chair

Introducing the Book Chair, an ode to timeless design, functionality, and adaptability. Designed to complement the expansive layouts of sprawling conference rooms, the Book Chair also draws from the urban charm of cafes and the refined sophistication of hotels, seamlessly blending robustness and lightness.

One of the Book Chair's most compelling features is its respect for space. When not needed, it stacks seamlessly, occupying minimal room, ready for the next occasion. And despite its robust construction, each chair is light to the touch, easily moved by hand or customised trolley.

But it's the innovative stacking box that truly sets the Book Chair apart. Functionally, it safeguards the veneer from scratches when stacked and serves as a seat spacer. Visually, it seamlessly conceals structural joints beneath the seat, maintaining the chair's sleek appearance.

With its foundation forged from enduring steel and the seat elegantly moulded from plywood, allowing for backrest flexibility, it strikes a balance between durability and visual allure. Especially when viewed from behind, the chair's graceful rounded form and open backrest paint an artistic silhouette, merging form and function in perfect harmony.

With options ranging from the rich tones of Oak and Walnut to the convenience of armrests or the lack of it, to the adaptability of gliders tailored for different surfaces, the Book Chair offers either wooden or upholstered seats.

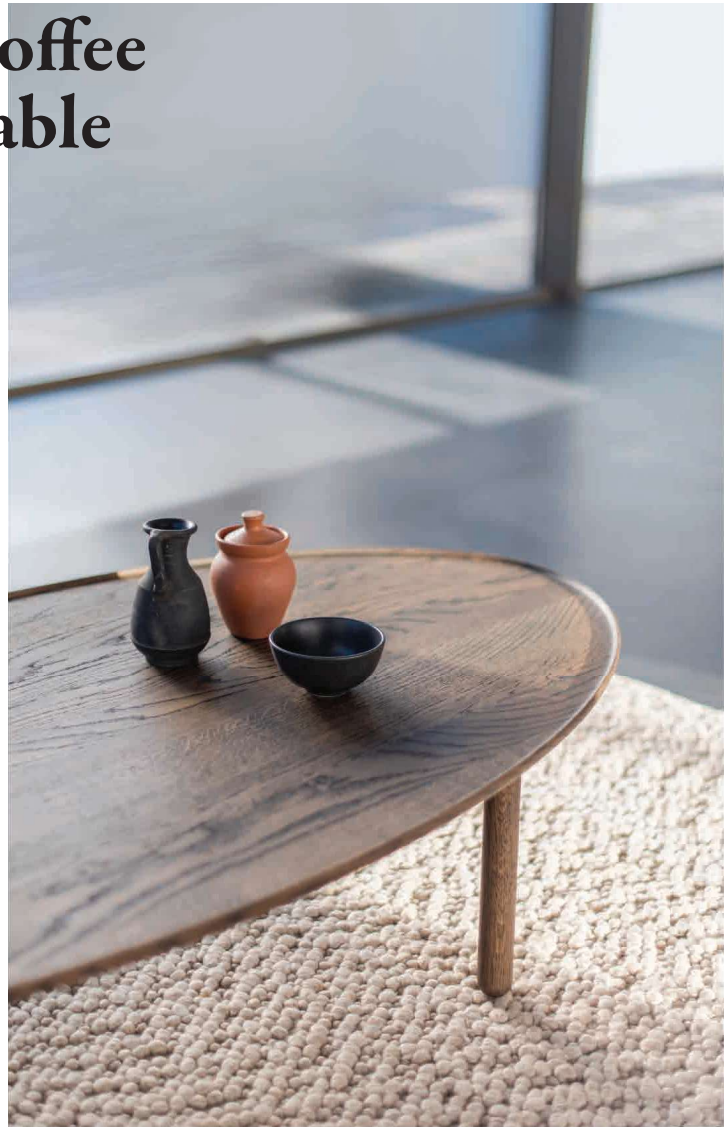

Whether you're setting up a café, enhancing a hotel lobby, or curating a cozy dining space at home, the Book Chair offers flexibility like no other. It effortlessly fits under most tables, is easy to maintain, and is crafted for the long haul.

Mu Coffee Table

The Mu Coffee Table, with its minimalist design, elegantly balances versatility and simplicity. Its allure stems from a graceful form and inviting materials, creating a visually appealing centerpiece in any home.

The table was envisioned to be both dynamic and organic in its visual expression by our designer, Mustafa Cohadzic. Mu's artisanal touch can be seen in its tactility, as it is sanded, oiled and polished by hand, providing a smooth touch. The routed wooden table plate creates a groove along the edge, accentuating the contours of the organically shaped plate.

The table comes in three shapes and sizes and can be combined with the other Mu tables, conveniently sliding under each other, thus creating various table shapes for your space.

Mu Coffee Table in smoked oak & Hugg Modular Sofa

For the Mu collection, I sought to create furniture pieces that embody understated elegance, with a focus on minimalistic design and organic visual expression. The routed plate, with its raised rounded edges, adds a visually appealing element while also ensuring practicality by keeping objects in place. The elliptical shape lends a sense of dynamic movement, evoking a feeling of fluidity and grace.

Mu Coffee Table, Dedo Easy Chair

Oftentimes we find ourselves searching for that one, missing element that will enrich our home, simultaneously fulfilling a wide spectrum of our needs; timeless in design, multi-purposeful, space-saving and elegant. With this in mind, Gazzda designed Mu Floating Shelves. Elegantly minimal, and made from solid wood, the floating shelves add personality, adapting to both traditional and contemporary styles.

The shelves' semi-elliptical shape contributes to an organic aesthetic, creating the illusion of floating effortlessly in mid-air. This design not only enhances the room's openness and clarity but also casts captivating shadows, enriching the visual dynamics of the space. The routed plate, includes raised rounded edges, which create a stunning visual expression, and ensure that objects stay safely in place.

Fawn Bed

The Fawn Bed introduces a refreshing touch to any bedroom with its understated, nature-inspired design. Crafted from solid wood, its construction boasts seamless connections and smooth, polished surfaces. Remarkably, assembly can be accomplished within minutes.

The essence of Fawn lies in its efficient use of materials, evident in its consistent, signature sides and gaps. These elements seamlessly converge to form a harmonious whole, encapsulating a blend of minimalist aesthetics and thoughtful functionality, elevating the ambiance of your bedroom with a timeless elegance.

Mushroom Dining Table with Muna Chair in black lacquer

Mushroom

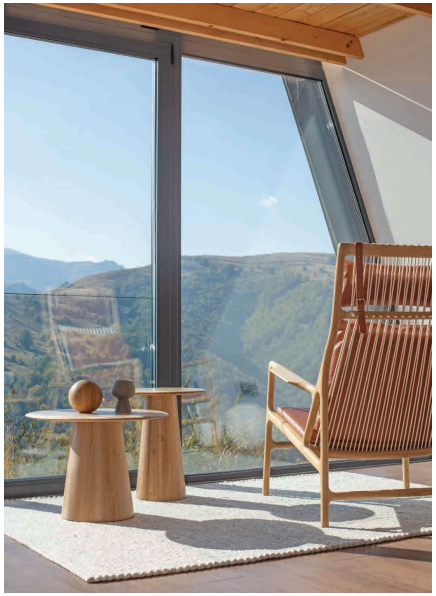

Dining & Coffee Tables

Introducing the Mushroom Tables, each a testament to artisanship, nature-inspired design, and refined elegance. These solid wood tables showcase clean lines and a neutral aesthetic, reflective of serene natural forms, all achieved without visible connections.

The artistry behind the Mushroom Tables lies in their creation: a skillful blend of traditional barrel-making and woodturning techniques, lending a unique, handcrafted quality to each piece.

These tables are celebrations of craftsmanship and the beauty of nature. Perfectly suited for a variety of interior styles, from modern to classic, and varying in sizes, they serve as versatile and elegant side tables and coffee tables, while the large table serves as a dinner table.

The Mushroom Tables are not only about function but also about bringing the timeless charm of artisanal woodwork into everyday spaces.

Muse Room Divider

Muse Room Divider transcends conventional design boundaries, presenting a seamless integration of form and function. Every curve and radius of the product is meticulously crafted to follow a natural fluid logic, evoking a sense of movement and grace. The result is a piece that's not just furniture but a symphony of flowing lines that resonates with the aesthetics of nature itself.

Like leaves dancing on a tree, the ropes of Muse create an abstracted graphic representation that plays with light and shadow in captivating ways. The ropes aren't just a visual spectacle; they serve as functional elements too. With a versatile design, they offer a striking contrast against the solid structure, while also providing a unique way to store books and other vertical objects, seamlessly blending artistic beauty with practical utility.

Muse's versatile nature allows for multiple placements: stand a single piece as a striking statement, or group several together for a transformative effect, offering both visual intrigue and functional design. This flexibility lets Muse serve dual roles - as an enchanting room divider or as distinctive shelves with a wall as its backdrop.

With Muse, you're given the freedom to craft your space, balancing artistry and utility, and making every room a testament to innovative design.

Muse Room Dividers, Muna Chair in black lacquer & Tink Table

Muna Chair

In the realm of design, less is often more. The Muna Chair stands as a testament to this belief, where the essence of classical wooden dining gets a contemporary twist. With a focused intent on material rationalisation, Muna radiates an unparalleled lightness, making it a standout in the world of seating.

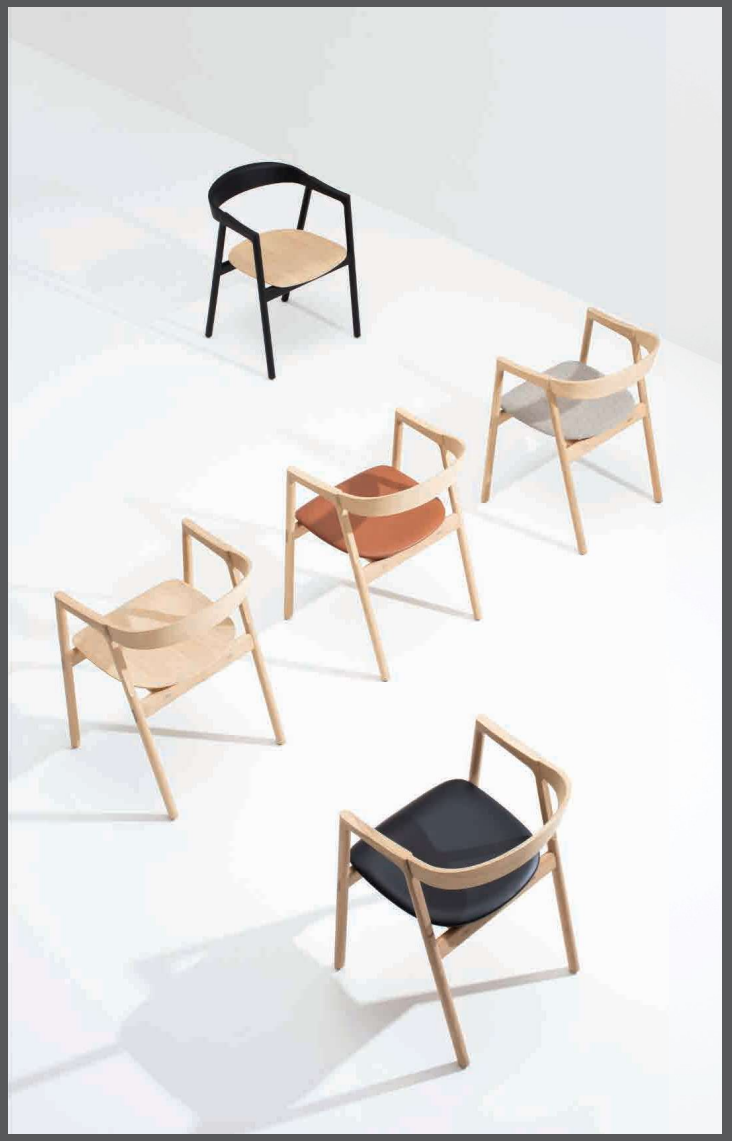

The true charm of the Muna Chair lies in its avant-garde construction. The artfully bent back seamlessly merges with the armrest, not only lending an aesthetic appeal but illustrating the possibilities of innovative design.
This unique construction doesn't just elevate its appearance; it redefines strength and stability.

Whether you envision it gracing a contemporary dining room or adding character to public spaces, the Muna Chair seamlessly adapts. Its versatility, combined with its minimalist design, ensures it complements various settings while standing as a conversation starter in its own right.

Muna Chair in black lacquer

Various Muna Chair options

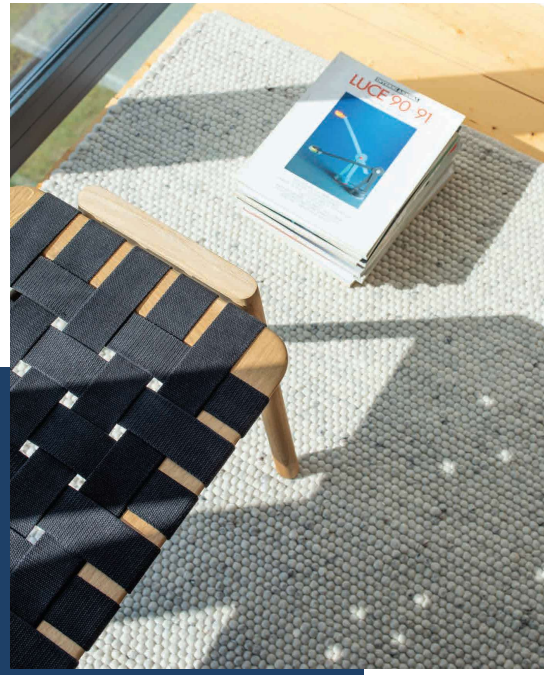

Klupa Bench

Boasting fine craftsmanship and intricate attention to detail, Klupa is bound to enhance the look and feel of any room.

One of its main characteristics is that it's made from natural materials, combining solid wood and cotton webbing, thus assuring a timeless addition to your home.

The meticulousness in its design is evident in every aspect, from the smooth surfaces, to the wedged mortise and tenon joints providing strong connections. Additionally, the fine webbing ensures comfort while maintaining a minimalistic appearance.

The word "Klupa" translated from Bosnian means "bench". The aim was to create a versatile, mobile and lightweight element which can be combined with other pieces of furniture, in various settings, such as at the bed's foot-side, in the hallway or at the dining table.

Klupa Bench with black webbing

Fawn Chair

reddot award 2015
winner

The Fawn Chair transcends the ordinary, embracing a form that follows nature. Every contour and curve has been meticulously shaped to adhere to a natural fluid logic, turning the chair into a work of art that moves harmoniously with the eye and the environment. With each detail thoughtfully considered, the Fawn Chair is a testament to the beauty of design that flows effortlessly.

Evoking a sensation of weightlessness, the Fawn Chair is visually light, inviting a sense of airiness and openness to your dining space. The captivating contrast where the wood meets the cotton webbing is truly eye-catching, while maintaining an unobtrusive presence.

The Fawn Chair embraces transparency as a design principle, allowing light to dance through its intricately woven structure. The cotton webbing seats offer a glimpse of the space beyond, fostering a sense of connectivity and continuity within your dining environment. Additionally, these seats cast intriguing shadows on the floor, creating a delightful visual play of light and pattern.

Crafted entirely from solid wood, it stands as a symbol of enduring quality and resilience. This structural integrity ensures not only a timeless design but also a lasting companion that will serve your dining needs for generations to come.

Fawn Chair in oak with white webbing

With a design that turns heads, the Ava Chair confidently blends distinctive aesthetics with modern construction. Every angle of this chair showcases its bold vision - armrests, back, and seat all appear to hover, lending an airy feel to the piece.

Its provocative design is more than just a visual treat. The floating appearance of its elements brings a sense of lightness and space to any room. Whether in a modern dining setting or an upscale lounge, the Ava Chair is a statement of style and sophistication.

Ava Chair

Ava Chair in black lacquer

The Loop Side Table aims to enrich our lives, both aesthetically and functionally. It illustrates how design can simultaneously simplify and enhance our spaces.

The initial goal was to create a product that was sleek, minimalistic, and discreet. Its form is crucial to its function, permitting the table to merge and slide under sofas, thus allowing the plate to gracefully levitate over the seat.

Additionally, Loop offers a rotating mechanism, enabling the plate to smoothly spin, and permitting its user to stand up with ease, essentially without the hassle of having to remove any items from it.

Its metal base is powder-coated, whilst the tabletop is available in oak veneer and linoleum.

Loop Side Table

Fawn

Sideboard and Lowboard

This design piece, from solid wood, brings nature and refinement into any space. It stands out with smooth, hand polished surfaces and fluid lines – catering to both tactile and visual senses.

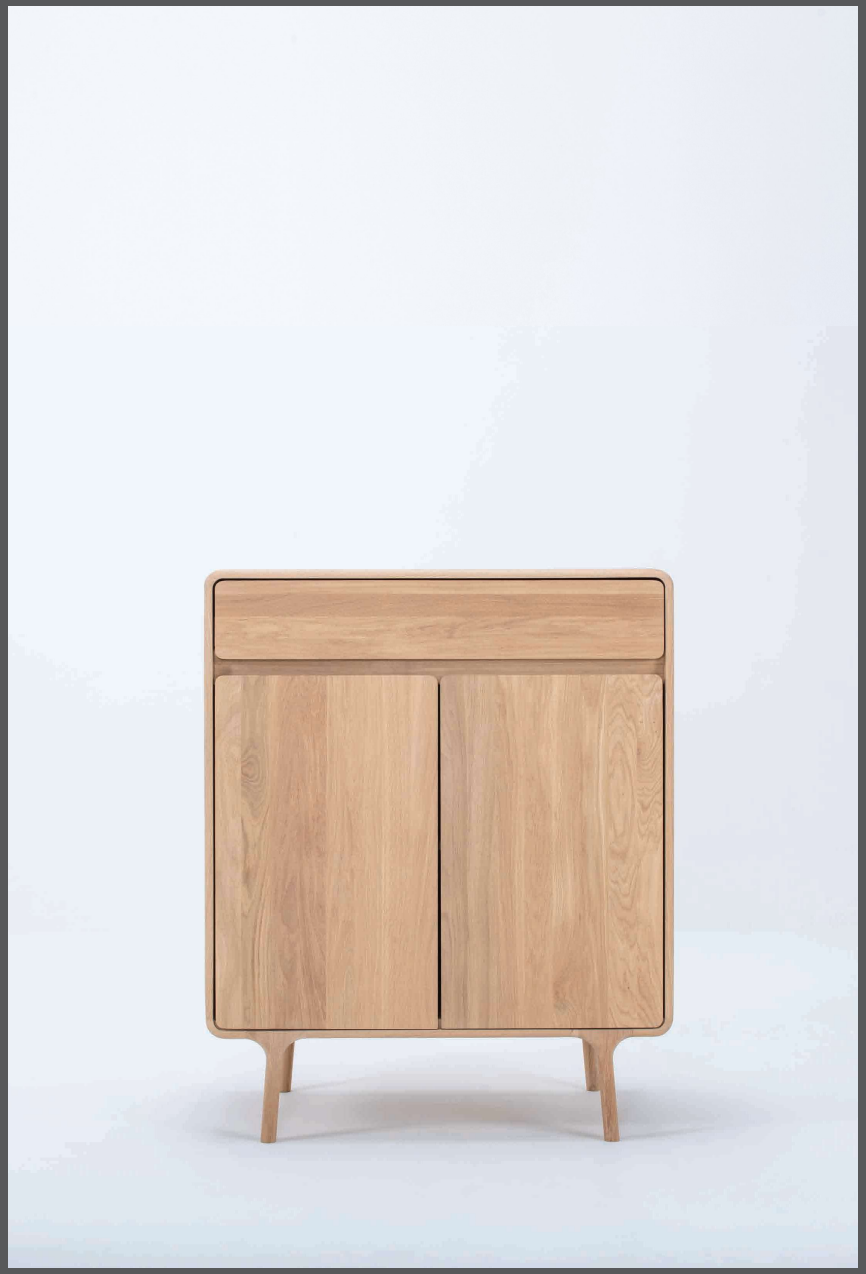

The Fawn Lowboard is available with two or three soft-close drawers for storage. The two drawer version comes equipped with a cable routing hole in the center, excellent for organising AV units.

Other products from the Fawn storage units collection include: Fawn Drawer, Fawn Dresser and Fawn Nightstand.

Hook
Wall Coat Rack

Hook is more than just a wall hanger; it's a piece of graphic art that breathes life into your walls. Skillfully designed, it presents a play of depth and dimension, with each of its four points crafted at varying depths. This intentional design not only adds aesthetic intrigue but casts mesmerizing shadows, turning your wall into a canvas of light and shade.

But Hook isn't just about aesthetics. Recognizing the diverse challenges of modern spaces, we've innovated a three-fold solution. Whether your wall is straight, an inner corner, or an outer corner, there's a Hook tailored for it. This adaptability makes it an unparalleled space-saver, ensuring your walls are both functional and stylish.

With Hook, you don't just hang items; you elevate your space, seamlessly blending utility with a touch of modern artistry.

Hook Wall Coat Rack, all three configurations: Straight Walls, Inner & Outer Corner

Tink Table

reddot award 2015
winner

Strikingly elegant and remarkably strong, Tink gracefully embellishes any space with its unique design.

Tink's appearance is what makes it a statement piece - the seemingly delicate legs, reminiscent of butterfly wings, instantly captivate the eye.

The visual contrast between the lightness of the design and the actual stability of the table is in itself, vividly compelling. This notion is seen in the distinction of materials used, whereby the primary role of the stainless steel rod is to ensure stability, whilst being decorative and airy.

Tink's round shapes and edges are hand finished, contributing to its tactility and are a testament to the skill and dedication of its artisan.
